CIEH Level 1 Award in Fire Safety Awareness

The Level 1 Award in Fire Safety Awareness is designed to help an organisation to meet its duties under current fire safety legislation by providing employees with essential knowledge about fire safety, helping them to understand how to prevent a fire from starting as well as what actions to take if a fire does break out.

Outline programme

This qualification covers the following topics:

- Main causes and effects of fires in the workplace
- Duties and responsibilities (of employers, employees and fire wardens)
- Procedures in the event of a fire
- Actions to be taken in the event of a fire
- Fire prevention measures
- Fire risk management, including risk assessment
- The fire triangle
- Fire risk control measures (active and passive)
- Reporting fire safety issues
- Portable fire-fighting equipment
- Simple checks of portable fire-fighting equipment

Qualification information

Designed for all employees:

- Those with no specific fire-safety role
- Those undertaking induction training
- As an introduction for those who intend to move on to further fire-safety training
